

Information on the EXIST Women scholarship

The three-month scholarship supports female graduates, academics, students and women with a professional qualification. The scholarship serves to support the development of the entrepreneurial personality, the development of a start-up idea and the preparation of the start-up. The scholarship holders are supported. The scholarship holders are advised and supported by the Transfer and Entrepreneurship Service of the Martin Luther University and have access to an accompanying programme. The programme supports the interdisciplinary exchange of experiences, offers networking activities, the promotion of soft skills, creativity and inventiveness as well as mentoring. EXIST Women is a component of the funding programme "Start-ups from Science" (BMWK).

You use the scholarship to, ...

- develop your start-up idea
- find out if entrepreneurship is your path
- network and gain experience
